Integra Ashbourne

Integra® – Timeless Elegance for Your Fireplace

Enhance your fireplace with the Integra® Ashbourne cast iron arch insert. Precision-engineered and built to last, this stunning insert features smooth curves, a premium matte black finish, and a timeless design that complements both classic and contemporary interiors.

Crafted for durability and style, the Integra® Ashbourne insert offers a perfect balance of tradition and innovation. Its intricate yet understated detailing adds a refined touch, making it a standout feature in any home.

For added versatility, the Integra® range can be complimented by the ilektro fireplace insert. Specifically designed to fit seamlessly within the cast iron arch, the ilektro combines classic aesthetics with ambient warmth—providing the atmosphere of a traditional fireplace without the need for flues.

The Benefits:

1

Premium Patented Design with cast iron mouldings

Premium cast iron construction ensures exceptional durability, heat retention, and even heat distribution

2

Classic Arched Design

Classic arched design with a sleek matte black finish enhances timeless elegance while seamlessly blending with modern and traditional interiors.

3

ilektro Insert Compatible

Use with a Paul Agnew Designs ilektro insert for a modern solution to a classic design
